CORRECTION OF STATED FOREIGN PRIORITY APPLICATION DATA
AND
REQUEST FOR CORRECTED FILING RECEIPT

SIR:

An Official Filing Receipt was recently received in this application. The following correction is respectfully requested.

The "Foreign Applications" data is incorrect as shown. The filing dates of the Foreign Priority Applications are, respectively JAPAN 2000-028161- February 4, 2000; JAPAN 2000-028207- February 4, 2000; and JAPAN 2001-233611- August 1, 2001. This information, while correctly identified in the Combined Declaration and Power of Attorney filed in this case, was inadvertently incorrectly stated on the Utility Application and Fee Transmittal used to file this case (which is a divisional of 10/210,739).

The identified Foreign Application data for JAPAN 2000-028161- February 4, 2000 and for JAPAN 2000-028207- February 4, 2000 appear correctly on the Filing Receipt as 02/04/2000, however the Foreign Application data for JAPAN 2001-233611 appears incorrectly to identify the filing date as January 8, 2001 instead of August 1, 2001. Accordingly Applicants respectfully request that the Foreign Applications data be amended as shown below and as shown in red on the attached copy of the Corrected Filing Receipt.

JAPAN 2001-233611 08/01/2001

The Commissioner is hereby authorized to charge any fees which may be required for this request, or credit any overpayment to Deposit Account 13-4500, Order No. 1232-4678US2.

Respectfully submitted,
MORGAN & FINNEGAN L.L.P.

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
